## Trust to Nature.

A great many Americans, both men and women, are thin, pale and puny, with poor circulation, because they have ill-treated their stomachs by hasty eating or too much eating, by consuming alcoholic beverages, or by too close confinement to home, office or factory, and in consequence the stomach must be treated in a natural way before they can rectify their earlier mistakes. The muscles in many such people are so weak and flaccid that they are unable to do their work with great difficulty. As a result fatigue comes early, is extreme and lasts long. The demand for nutritive aid is ahead of the supply. To insure perfect health every tissue, bone, nerve and muscle should take from the blood certain materials and return to it certain others. It is necessary to prepare the stomach for the work of taking up from the food what is necessary to make good, rich, red blood. We must go to Nature for the remedy. There were certain roots known to the Indians of this country before the advent of the whites which later came to the knowledge of the settlers and which are now growing rapidly in professional favor for the cure of obstinate stomach and liver troubles. These are found to be safe and yet certain in their cleansing and invigorating effect upon the stomach, liver and blood. These are: Golden Seal, Queen's Root, Stone Root, Bloodroot, Mandrake root. Then there is Black Cherrybark. The medicinal principles residing in these native roots when extracted with glycerine as a solvent make the most reliable and efficient stomach tonic and liver invigorator, when combined in just the right proportions, as in Dr. Pierce's Golden Medical Discovery. Where there is bankruptcy of vitality—such as nervous exhaustion, bad nutrition—and thin blood, the body acquires vigor and the nerves, blood and all the tissues feel the favorable effect of this sovereign remedy. Although some of the high medicinal value of the above mentioned plants, yet few have used pure glycerine as a solvent and usually the doctors' prescriptions called for the ingredients in varying amounts, with alcohol.

## GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newb's Herpicide.

Frederick Manuell, Maryland black, Baltimore, writes: "I had a bottle of Newb's Herpicide, April 6, '99, and began to use it for complete baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, 'and today my hair is as thick and luxuriant as any one could wish.' Newb's Herpicide works on an old principle and with a new discovery—destroying the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich."

## Aged Lawyer Tortured.

Henry Blackman Plumb, the 77-year-old lawyer and historian of Warrior Run near Wilkesbarre, Pa., who was tortured by burglars in the effort to force him to reveal the supposed hiding place of his money, is recovering.

Two of his ribs were broken and the soles of his feet burned, while his wife, bound and helpless, was compelled to lie on the floor near and see him tortured. Despite the efforts of several detectives no clew of the five masked men who committed the outrage has been found.

The house is some distance from the nearest neighbor, and the burglars broke in the back door. Plumb and his wife were aroused by the crash. He seized an old musket which had not been discharged in 35 years and reached the top of the stairs as the five burglars appeared at the bottom.

"You halt, or I'll shoot!" he shouted. Without answering, the men sprang up the steps, evidently not seeing the musket. Plumb, aiming full at them, twice pulled the trigger, but the charge failed to explode and the next moment he had been overpowered and hurled to the floor, the fall breaking two ribs.

Two of the burglars held him and the other three overpowered, gagged and bound Mrs. Plumb with the strips into which they tore the bed sheets.

The burglars found a gold watch and \$35, all the money that Plumb had in the house, but they were not satisfied. Thinking he had more hidden, they threatened to kill him if he did not tell where the money was. He assured them they had all.

"We'll make you tell," one of them cried, and the old man was thrown upon a chair, bound to it, and then a lamp flame was applied to his feet. It scorched the flesh and caused excruciating agony.

He protested that he had no more money, and that they might torture him until he was dead, but they would find no more. But they were heartless. Both feet were burned, and they did not desist until the old man swooned.

As they were leaving one of the burglars, with some little compassion, bent over Mrs. Plumb and said: "I'll telephone for a doctor to come," but no medical man showed up.

It was two hours before Plumb regained consciousness and was able to undo his bonds. Then he released his wife and they summoned help.

## Jubilee over King's Wedding.

Spain is preparing for rejoicing on a magnificent scale on the occasion of the marriage of King Alfonso to Princess Eoa of Battenberg. Premier Moret announced Saturday that some of the features of the early programme have been changed, but the essential features remain. The marriage will take place in Madrid, May 31 in the Church of San Jeronimo, at 11 a. m. The Princess will enter Spain May 24, being met at the frontier by the king, the ministers and the royal guard, who will escort her to the Pardo Palace.

The foreign envoys and princes will begin to arrive about the same time.

The solemn ceremony of signing the marriage contract will take place at the Pardo Palace May 30.

The city will be given over to festivals for a fortnight before and after the wedding. The fetes will include gala performances, military reviews, a parade of representatives of the Spanish provinces in typical costumes, a royal ball, and balls and receptions. Great public interest is taken in the preparations.

The king and his bride will remain in Madrid eight days after the marriage in order to participate in the festivities. They will then spend their honeymoon at La Granja Palace, later going to San Sebastian.

The fact that an English princess is to become queen of Spain is not regarded as having any political significance, although the increased intimacy between King Edward and King Alfonso and the fact that the policies of Great Britain and Spain have recently followed similar lines are considered to be evidence that the marriage is strengthening political relations which for a time were strained. The marriage is popular with all classes in Spain.

## Father Gapon's Remains?

The mystery of the fate of Father Gapon apparently was cleared up yesterday by the discovery of a corpse, which has almost positively been identified as that of the former priest, hanging in the upper chamber of a lonely villa in the summer suburb of Ozerki, Finland. The villa was rented April 8 for the summer and a deposit paid by an unknown man from St. Petersburg, who, after visiting the house several times in company with a workman, disappeared April 11, taking the key with him.

The proprietress of the villa, alarmed at the nonappearance of the tenant, notified the police, who entered the

house, breaking down a door they were confronted by a body in a long coat hanging from a nail, the feet touching the floor. Decomposition of the face made positive identification difficult, but the features resembled those of Gapon and the clothing corresponded with that worn by the missing leader.

As the usual symptoms of strangulation were absent, it is conjectured that the man was killed elsewhere and his body brought to the villa on the night of April 10. This would agree with the date of the execution of Gapon given in information of the secret police and with the death sentence of the former priest as announced in recent dispatches from Berlin.

## Had a Close Call.

"A dangerous surgical operation, involving the removal of a malignant ulcer, as large as my hand, from my daughter's hip, was prevented by the application of Burken's America salve," says C. C. Stickles, of Milledgeville, Va. "Persistent use of the salve completely cured it." Cures Cuts, Burns and Injuries. 25c at E. S. Leadbeater & Sons' druggists.

## A CRITICAL PERIOD

INTELLIGENT WOMEN PREPARE

Dangers and Pain of This Critical Period Avoided by the Use of Lydia E. Pinkham's Vegetable Compound.

How many women realize that the most critical period in a woman's existence is the change of life, and that the anxiety felt by women as this time draws near is not without reason?

If her system is in a deranged condition, or she is predisposed to apoplexy or congestion of any organ, it is at this time likely to become active and, with a host of nervous irritations, make life a burden.

At this time, also, cancers and tumors are more liable to begin their destructive work. Such warning symptoms as a sense of suffocation, hot flashes, dizziness, headache, dread of impending evil, sounds in the ears, timidity, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude are promptly heeded by intelligent women who are approaching the period of life when woman's great change may be expected.

We believe Lydia E. Pinkham's Vegetable Compound is the world's greatest remedy for women at this trying period.

Lydia E. Pinkham's Vegetable Compound invigorates and strengthens the female organism, and builds up the weakened nervous system as no other medicine can.

Mrs. A. E. G. Hyland, of Chester-town, Md., in a letter to Mrs. Pinkham, says:

Dear Mrs. Pinkham—

"I had been suffering with a displacement for years and was passing through the change of life. I had a good deal of soreness, dizzy spells, headache, and was very nervous. I wrote you for advice and commenced treatment with Lydia E. Pinkham's Vegetable Compound as you directed, and I am happy to say that all those distressing symptoms left me, and I have passed safely through the change of life a well woman."

For special advice regarding this important period women are invited to write to Mrs. Pinkham, Lynn, Mass.

She is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. Her advice is free and always helpful to ailing women.
